

Contract from America

*Free Markets. Limited Government.
Individual Liberty.*

The Contract from America is a grassroots-generated organization that calls for real economic conservative and good governance reform in Congress. (Taken from contractfromamerica.org).

The role of government should be limited. Our moral, political, and economic liberties are not granted by our government!

This file is made up of freedom-loving Americans who submitted and debated thousands of ideas on the Contract from America website. These folks participated in the creation of the Contract to protect the Constitution, demand a balanced budget, protect American's privacy, and defund and repeal government-run health care. This is an Internet-generated donor list and works VERY WELL for online appeals.

A very large majority of these folks are over the age of 50, and this file will be an EXCELLENT source of names for tax mailers, grassroots and tea party organizations, and conservative activists!
