Donald Trump launched more than a campaign in 2016—he started a movement. He inspired hardworking Americans, long ignored by the political class, to rise up and “drain the swamp.” That spirit of defiance and hope has only grown stronger, carrying through the most recent presidential race and proving that his America First agenda still resonates powerfully across the nation.

The donors in this file remain energized and committed to taking back the country. United, they defeated the Biden agenda and continue to fuel the fight for conservative victories in Congress and beyond. These patriots are ready to power bold campaigns, restore American greatness, and elect leaders who will fight relentlessly for them in Washington.
