American Pro-Family Network

President Obama and his administration believe the Defense of Marriage Act is discriminatory, and prevents same sex couples from being granted equal rights and benefits. This new administration wants DOMA to be repealed by Congress!

God created marriage as the unity of one man and one woman, and these activists strongly support this sacred union. These are postal addresses of the Internet petition signers who support the Federal Marriage Act. These activists support a variety of conservative appeals, especially those that defend traditional family values and pro-life organizations.
