

Protecting Our Religious Freedoms

This country was founded on the right to religious freedom and freedom of speech! The ACLU and other non-Christian groups are increasingly threatening, punishing and silencing those who believe in God.

These Christians have gone to the Internet to sign petitions and donate to protect our religious freedoms, right to life, and traditional marriage values.

Christian mailers are always searching for strong Christian lists to test their prospect programs. This is the first time this list has been on the market. It is a must test for Christian mailers, right to life, traditional marriage mailers, as well as conservative values donors.
